## Personal thanks

By a chance gathering, Charles Donahue (l) meets Richard and Beth (Perrins) Wright of Sunriver, Oregon, donors of the Dr. Clarence Wright Scientific Scholarship. Donahue is headed for Worcester Polytech this fall. The Wright award is one of the most prodigious grants bestowed each year to outstanding Westford Academy graduates. Academy trustees this June awarded more than \$70,000 from funds that have been accumulating over the school's nearly 200 years.
